

Men and Places and Goods are best made known by printer's ink

# EVENING BULLETIN

3:30 O'CLOCK

THE BULLETIN REACHES PEOPLE WHO BUY GOODS

EDITION

The far-seeing merchant has his seed in the ground for the year's harvest, and if his near-sighted rival will but get an idea enough to watch him he will observe that he is sedulously fructifying that seed with publicity. It is common sense to follow a leader who has tried out the best method of getting results. The fact that all the best merchants advertise in the EVENING BULLETIN is proof that they get results.

VOL. VI. No. 3627

HONOLULU, TERRITORY OF HAWAII, WEDNESDAY, FEBRUARY 27, 1907

PRICE 5 CENTS

## \$1,100,000 FOR HAWAII BUT REFUND IS LOST

### SENATE FIGHTS ON EDUCATION BILL

Opposed To Appointment Of Committees In Counties

**SIXTH DAY.**  
The Senate convened at 10 o'clock. The Governor announced that he had signed the bill appropriating \$15,000 for the expenses of the Congressional party.

Lane reported for the Printing Committee that Senate Bills 6, 7, 30, 32 and 33 had been printed.

Hewitt reported verbally for the Education Committee on Senate Bill 16, relating to the appointment of County Education Committees, recommending that it pass second reading. On motion by Coelho the report was adopted.

Makekane gave notice of a bill to amend the County Act. Passed first reading by title.

Brown introduced a resolution to insert the sum of \$12,500 for the building of school houses in Hilo district. On motion by Knudsen it was referred to the Education Committee.

**Tax Exemption Abuses.**

Senate Bill 2, to encourage the wine industry by exemption of property taxes for five years, up to twenty acres, when in actual cultivation for viticulture, came up for third reading.

Dowsett said that the Committee had found that the exemption had been abused. The pineapple and sila people who had been thus encouraged, had abused the privilege by leasing large tracts of land, which they did not use, and had thus mulcted the Government for the taxes. This was the reason for the 20-acre clause, as well as that calling for fencing and actual cultivation.

Smith wanted to know if there should not be a minimum limit, so as to prevent people from having a few grape vines on their place, and thus escape taxation.

Dowsett answered that the committee had first inserted such a clause, but had later on inserted the

### HOUSE AFTER BIG APPROPRIATIONS

Kaniho Cries "Railroad" Regarding \$15,000 Expenses

**SIXTH DAY.**  
The House was called to order at 9 o'clock.

A communication from Secretary Atkinson informed the House that Senate Bill No. 15, appropriating \$15,000 to defray the expenses of the Congressional party, had been signed by the Governor.

Kalepou, for the Lands Committee, reported in favor of the resolution providing \$4,000 for the wharf, court house and jail at Waimea, Kauai. Adopted.

Kalepou, chairman of the Lands Committee, reported in favor of the resolution providing \$600 for the Waimea jail and \$600 for a jailor's house at the same place. Adopted.

Keouli introduced a resolution providing \$1,000 for a teacher's cottage at Hilo, Kauai. Referred to Education Committee.

Keouli introduced a bill providing \$7,000 for repairs of Kau roads. Referred to Lands Committee.

**\$20,000 for Hilo Wharf.**

Abert introduced a bill providing \$20,000 for the repairing of the Hilo wharf. Referred to Lands Committee.

Akai introduced a bill providing \$600 for the jail at South Hilo. Referred to the Police Committee.

A communication from the Senate was read, and showed that the Act providing \$20,000 to defray the expenses of the Senate had passed third reading by the Senate. It was made a special order of the day for tomorrow.

House Bill No. 5, relating to the division of Senatorial districts of the County of Hawaii, passed third reading.

**Kaniho Gets Warm.**

Rice moved that it be referred to the Judiciary Committee.

Kaniho was immediately on his feet and made things hot. He said that any bill which had passed the third reading should not be referred to the Judiciary or any other committee. An important bill, providing \$15,000 for a Congressional party was never referred to a committee. It was railroaded right through and passed the House without any hitch.

On taking the ayes and noes the

## \$300,000 APPROPRIATED BY CONGRESS FOR THE FORTIFICATION OF HAWAII

Washington, D. C., February 27.

Governor Carter, Honolulu.

Fortifications bill passed Congress. Carries about three hundred thousand dollars for Hawaii.

KUHO.

The above cablegram was received by Governor Carter this morning from the Delegate at Washington. According to the information contained in it,

Hawaii faces even better than was expected in the way of appropriations for fortifications. The committee recommended that the amount for Hawaii be \$200,000. Congress, it appears, has added another hundred thousand.

With the three hundred thousand dollars now appropriated by Congress, there is available for fortification work

in Hawaii the sum of \$500,000 made by the last Congress which is still available.

Honolulu and Pearl Harbor will be the places to be fortified. Extensive plans for the work have already been made, and it is probable that steps will be taken toward the active carrying out of these plans at once.

**IMMIGRATION BILL**

Washington, Feb. 26.—The President signed the immigration bill today. The bill provides for a commission of nine to make a thorough investigation of the whole immigration question.

Three of these commissioners are to be appointed by the President and three each by the Vice President and Speaker. Already there are a number of applications on file for these positions. It is announced that the President will not place on the commission any persons holding extreme views, one way or the other on immigration.

\*\*\*\*\*

**PLAN WAS HAWAII'S**

Editor Evening Bulletin:—The Administration's all-important amendment to the Immigration bill, which is supposed to have been drafted by Secretary Root, reads as follows:

"Provided, further, That whenever the President shall be satisfied that passports issued by any foreign government to its citizens to go to any country other than the United States or to any insular possession of the United States or to the canal zone are being used for the purpose of enabling the holders to come to the continental territory of the United States to the detriment of labor conditions therein, the President may refuse to permit such citizens of the country issuing such passports to enter the continental territory of the United States from such other country or from such insular possessions or from the canal zone."

It is an interesting coincidence that this method of solving the Japanese immigration problem on the Pacific coast is substantially identical with the suggestion made by Mr. McClellan to Representative Hayes of California and others in December.

J. KALANIANAOLE, Delegate to Congress.

thought, for the Legislature, and the estimates were signed three times. But at the last minute something always cropped up to necessitate a change. On one occasion it was found that the recent storms had damaged the sewers, and money was needed to repair them.

Among other things, the estimates include items for the running of some of the departments during the remainder of the present biennial period. Several of the departments, as has been stated before, are out of funds and unable to transact any business.

\*\*\*\*\*

**MORE ESTIMATES FROM GOVERNOR**

Governor Carter's additional appropriation estimate is expected to be presented to the Legislature this afternoon. It carries items aggregating about \$57,000.

Three times before the Governor has had the matter ready, as he

### DROWNED IN POND WHILE FISHING

(Special Bulletin Wireless.)  
Lihue, Kauai, Feb. 27.—A Japanese boy was drowned in the Lihue mill pond this forenoon, while fishing.

\*\*\*\*\*

**Affects Criminal Cases**

A bill was introduced into the Legislature this afternoon, which if it passes, will make an important change in the conduct of criminal cases in the courts of the Territory and will lessen the chances of offenders against the law to escape on technicalities of law.

Heretofore the Territory has had no right of appeal in criminal cases, though the defendant has had, according to the terms of the new bill, the Supreme Court is to have the right of review, on questions of law of the orders, rulings and judgments of any judge of the lower courts. The bill was prepared by the Attorney General's department.

\*\*\*\*\*

**REPUBLICAN OFFICER**

CARL ROSE WILL LOSE POSITION

In order to conform to the appropriation made for his department for the month of March, Sheriff Janke has decided to make some changes in the positions of some of the men and to let out one Republican member of the force. This last mentioned man will be Carl Rose, who has been on duty looking after evidence in the Attorney General's department. In speaking of the change, it was made the Sheriff said:

"I have been compelled to make some changes in the department on account of the fact that the money allowed the police department has been reduced. Fred Feil will take the position of First Court Officer and Kahalepuna, who formerly held that position, will be made second court officer. McHea, who held that position, will be made deputy to Clerk Charles Rose. I will have to let out Special Officer Carl Rose, who has been looking after the evidence in the Attorney General's department. He has hardly ever shown up at the police station and hereafter when a man is needed at the Attorney General's office we will send him there and when he is through with his work he can report here. In that way we will use of part of his services."

"If the Supervisors should cut the estimate down again next month what would you do, Colonel?"

"Why I suppose that would mean that the head of another Republican officer would fall in the basket. I cannot be expected to discharge the men whom I have appointed myself as long as they are doing good work and it would be only natural that one of the holdover men should suffer."

Perhaps more people would become famous if they didn't attempt to write poetry.

**NICARAGUA BATTLE WON**

MANAGUA, Nicaragua, Feb. 27. The Nicaraguan army has captured General Vidal of the Honduras army and 100 of his men; also one cannon and many rounds of ammunition. Many were killed and wounded in the battle, which took place at Marcos de Colon.

\*\*\*\*\*

**OLD BAILEY SUCCESSOR**

LONDON, Eng., Feb. 27.—King Edward and Queen Alexandra today opened the Central Criminal Court, which stands on the site formerly occupied by the Old Bailey.

\*\*\*\*\*

**RUSSIANS CUT DOWN**

PATERN, Manchuria, Feb. 27.—Chinese bandits attacked the Russian patrol here today. Five Russian soldiers were wounded.

\*\*\*\*\*

**MEMORY OF WITNESS IS VERY FAULTY**

Lack of memory on the part of the witness in the stand was the principal feature of the lumber trust case this morning. Paul Muhlenford occupied the witness chair until ten o'clock, when court adjourned until 2 o'clock this afternoon.

Acting on advice of his attorneys Muhlenford did not again refuse to answer any questions, but his replies to some of them were evasive, and he seemed to be troubled with a failing memory. To questions regarding the business of the company with which he is connected, he replied generally that he didn't know, he had forgotten, etc.

About the only thing brought out was the statement by the witness that for the period from 1901 to 1905 about 75 per cent of the lumber brought into the Territory came to Honolulu.

Governor Carter's report to the Secretary of the Interior will not be back here before July. It was expected before this, but a communication from Washington to the Governor says that on account of the large maps which have to be prepared, the printing of the report has been considerably delayed.
